MOTOROLA TALKABOUT® MH230 TWO-WAY RADIO SERIES

The Motorola Talkabout® MH230 is the must-have communication tool for each and every outdoor enthusiast. With a powerful range of up to 23 miles,* this radio is perfect for family and friends to stay in touch whether you're tackling a back country trail, or trying to brave a crowded shopping mall. The MH230 doesn't stop at just exceptional range. This lightweight unit comes packed full of essential features.

***NOAA WEATHER CHANNEL

Want to know where the best conditions are for your rocky climbing outing? Tune into one of 7 NOAA channels (National Oceanic and Atmospheric Administration) on your MH230 for continuous local and regional weather broadcasting. And when you are out having fun, weather alerts will provide you with warnings of incoming weather to protect you from the danger of a sudden storm.

FULL-FEATURED PRIVACY

The Talkabout® MH230 has full 22-frequency capacity with 121 privacy codes to reduce interruptions. The Motorola QT (Quiet talk) functionality allows the radios to be set so they can communicate with other compatible Motorola products, adding yet another level of distinction from other manufacturers.

HANDS-FREE COMMUNICATION

Is your child really going to take time away from the game to talk to you on the phone? No need with the MH230. The iVOX feature allows them to speak hands-free. Acting like a speakerphone, the iVOX lets you chat without stopping what you are doing to ensure that there is never an excuse not to keep in touch.

EASY CHARGE - 4 WAYS TO CHARGE

Designed to fit every lifestyle, the MH230 allows you the convenience of charging four distinct ways. Use the provided desktop charger at home or a mini-USB car cable on your way to soccer practice. Pack a mini-USB wall cable for recharge in the hotel during your family vacation or simply charge with a mini-USB cable from your PC when no power outlet is available. (Mini-USB car, wall and PC cables are sold separately.)

PRICING

MSRP is \$64.99 per pair.

FOR ADDITIONAL MEDIA INFORMATION, CONTACT: COLLEEN PHILBRICK, 912-604-1950 OR PHILBRICKPR@BELLSOUTH.NET. FOR DEALER OR CONSUMER INQUIRIES, PLEASE CALL 1-800-638-5119.

*How far can I expect my radios to communicate? The communication range quoted is calculated under optimum conditions, with an unobstructed line of sight. Actual range will vary depending on terrain and conditions, and is often less than the maximum possible. Your actual range will be limited by several factors including, but not limited to, terrain, weather conditions, electromagnetic interference and obstructions.

**IP-51: Dust protection and protection from dripping water (vertically falling drops).

***NOAA radio service may not be available in all areas. Check with your local weather office for frequency and details, or visit www.weather.gov/nwr.
